

Assignment answers can be hand written on this form (please write legibly), except for question 1, which should be on a separate sheet of paper.

1. Create a concept map for your topic. See the examples and the instructions provided on the handout. You can hand-write your concept map on a piece of paper or create it using Word, Google Docs, or PowerPoint.

2. List 4 of the key words for major terms, ideas, or concepts in your topic here:

- a.
- b.
- c.
- d.

3. List 2 synonyms (words that have a similar meaning) for any 2 of the key words you identified in question 2 above.

- a.
- b.

4. List 2 complete subject headings that relate to your topic.

To do this, you will need to search the library catalog using the key words you identified, one at a time. If your key words don't bring good results, try searching using your synonyms, one at a time.

- a.
- b.

5. Turn your topic into a question that could be answered by doing research. Write the question here. [See the handout Creating a Research Question for guidance and examples of turning a topic into a question.]
