

## Highlights of the Online Collections

The library's online databases are collections of millions of digitized journal, magazine, and newspaper articles, podcasts, and videos that are bundled together by vendors and selected by librarians. Most databases are updated daily.

Many of our collections have multimedia resources such as videos, podcasts, animations, images, and illustrations. You can incorporate these into assignments, lectures, and handouts.

### General reference, multidisciplinary collections for searches in all subjects:

- Academic Search Premier (EBSCO) *New!*
